LOCKHEAD AND SAGE CREEK...SERVING AS PUBLISHING PLACE FOR AN AREA OF
APPROXIMATELY 2000 SQUARE MILES...PUBLISHED EVERY THURSDAY.

JANUARY 10th. 1937.

A. FLATFORD, Editor.

LARGE CROWN LAND OIL SALE WILL SPUR DRILLING ACTIVITY.

A very large Alberta Crown reserve sale of leases and exploration permits will be held on Thursday, January 24th.

In the Pembina field there will be about 55 quarter section parcels offered, all of which are in the northwestern sector of the field in the Lodgepole area, on each side of the range line, between ranges 9 and 10, with some of the parcels west of Lodgepole, however, most of it is just across the Pembina River, north of Lodgepole. All of it is on 160 acres spacing.

One parcel being offered is the entire two townships in the Cynthia Reserve, immediately west of the four-township block for which the California Standard Company paid a cash bonus of more than ten millions of dollars two years ago. These two townships are 49 and 50, in range 14, 20 miles west of the townsite of Cynthia.

Within the present defined boundaries of the Pembina Field, the following parcels are up for sale:

- 84 of 32-47-9W5 with 320 acres.
- W4 of 33-47-9W5 with 320 acres.
- 84 of 4-48-9W5 with 320 acres.
- 84 of 5-48-9W5 with 322 acres.
- 84 of 8-48-9W5 with 320 acres.
- W4 of 17-48-9W5 with 320 acres.
- W4 of 18-48-9W5 with 320 acres.
- 84 of 18-48-9W5 with 320 acres.
- W4 of 4-49-9W5 with 320 acres.
- W4 of 5-49-9W5 with 320 acres.
- 84 of 5-49-9W5 with 320 acres.
- W4 of 6-49-9W5 with 320 acres.
- 84 of 6-49-9W5 with 320 acres.
- 84 of 8-49-9W5 with 320 acres.
- W4 of 13-48-10W5 with 320 acres.
- 84 of 13-48-10W5 with 320 acres.

- 84 of 14-48-10W5 with 320 acres.
- 84 of 22-48-10W5 with 320 acres.
- W4 of 23-48-10W5 with 320 acres.
- W4 of 26-48-10W5 with 320 acres.
- 84 of 27-48-10W5 with 320 acres.
- 84 of 34-48-10W5 with 319 acres.
- W4 of 35-48-10W5 with 319 acres.
- 84 of 1-49-10W5 with 320 acres.
- SW4 1-49-10W5 with 159 acres.
- SE4 2-49-10W5 with 160 acres.
- SW4 3-49-10W5 with 160 acres.
- 84 of 4-49-10W5 with 320 acres.
- 84 of 12-49-10W5 with 318 acres.

At the present time less than 30 rigs are operating in the field. The number of wells now exceeds 1,600. During the last two weeks of December the production from the Pembina Field was more than 25% of the total bills of oil produced from the Pembina field during the two-week period at the end of the old year, against 881,463 for all of Alberta in the same period.

Soon to be brought into effect here is the water-flooding project by most of the oil companies. The water injection system will be used in most of the wells already drilled. The start of good weather will be the signal for a great rush of construction activity in digging-in and laying the water lines that will be used for the water flooding.

Water flooding has been done in most of Seaboard's wells, with a big construction project that took a large part of the summer for the less than 100 wells in which Seaboard found it feasible to put the system into use. The coming spring and summer will see a lot of activity all over the field, as the companies raise their oil recovery factor with the use of water flooding.

HUNGARIAN REFUGEES REACH HERE.

Five refugees from the Communist terror in Hungary arrived in Drayton Valley on Friday, January 4th, John Nagy, an employee of Mobil Oil went to Calgary to meet them and to bring them up here. The five were brought here by an humanitarian effort on the part of Mobil Oil. At the present time the group of men is living in the farm house near Violet Grove, owned by Jim Warke, Superintendent for Mobil Oil in this district.

The five men crossed the Hungarian Boundary into Austria, around November 20th., at the time of the citizens uprising in Hungary. One of the men is married, and had to leave behind his wife and three small children. He himself escaped from jail after having teeth knocked out by the Hungarian Communist police.

The group have been hired on a temporary basis by the oil company, for a period of three months. During this time they will receive wages similar to any other beginner with the Company. As a result of the generosity of Mobil Oil employees in Edmonton and Drayton Valley the group is well cared for, and are adequately dressed.

Through the kind cooperation of Mr. Mo-Manus, principle of grades 1 to 9, in Drayton Valley, the group start immediately to attend English classes in the school, evenings. Fast organization of the part of the school executives made this possible.

Youngest man in the group is 18 years of age, the rest are all from 25 to 30. They had not met before arriving in Canada. After taking a train from Austria to Le Havre, France, they got passage on a Greek steamer, and after a very rough crossing arrived in St. John N.B. Passage is taken care of by the Immigration Service of the Canadian

government.

Just after they arrived in Drayton Valley they went into the Drumstick Restaurant to order their own meal, without an interpreter. Wishing porkchops, they could not make the waitress understand, so one of the group drew a pig, and so they got their pork-chops. All of the men are very grateful to Mobil Oil Company, and employees, and to all others who have helped them with clothing, and employment, and in many other ways, to enter into this new life, away from the horrors of the Communist regime.

The man who is their interpreter and sponsor here, John Nagy, is himself a refugee, having escaped from Hungary by way of the same border city of Andau, Austria. In Hungary he was an officer in the Hungarian Army. Six years in Canada, he is now a citizen of this country.

Coming to B.C. he married a Swiss girl there and worked there while learning the language and the ways of the country. The Nagy's have two children, Eva, 3, and Stevie, 1 year old. He is a surveyor for Mobil Oil Co. In Hungary he had two years of University and since coming here has been studying by correspondence. He is very happy to be a Canadian citizen.

The new Hungarian arrivals have already been much impressed by the comparatively high purchasing power of the Canadian dollar. They have already been invited into a few Canadian homes to partake of good Western hospitality.

DRAYTON VALLEY SOON TO ELECT COUNCIL
The Town of Drayton Valley will soon elect a mayor and six councillors. For all ratepayers nomination papers will be available in the Town Office, the 3rd Monday of February, from 11 a.m. to 12 noon. On the 1st Monday in March Polling will take place in the Town Office, and on the 2nd Monday in March the new Council will be sworn in and assume office. The mayor will be elected for two years, two councillors will be elected for three years, two for two years, and two for one year. (Further details in another section of this paper)

DRAYTON VALLEY HIGHLIGHTS.

By: Edith Deby.

Miss Edna Free has settled down in London, England for the winter, after months of roaming the countries of Western Europe. In the spring she plans to visit the Scandinavian countries. Edna is the daughter of Mr and Mrs Claude Free of Drayton Valley.

Mr and Mrs Leon Peck are spending the winter months in B.C., with members of their family. At present they are with Mr and Mrs Arthur Andrews in Vancouver. Later they will visit Mr and Mrs Frank Watson and family at Agassiz.

Mr and Mrs Francis Law moved into their new house the week before Christmas.

Mr and Mrs Ted Tucker and family moved to Edmonton over the week-end, where they have purchased a house. Ted is an associate of Jensen's Truckers. Mrs Tucker is the former Miss Evelyn Joesting. Both Mr and Mrs Tucker have lived all their lives in the district, and will be missed by their many friends.

HIGHLIGHTS. (Cont.)

Mrs Leif Stordalvoll conducted the morning service in All Saints church in the absence of Mr Stewart. It is expected that Mr Stewart will take the service on the morning of January 20th.

Miss Irene Beckley has resigned from her position in the telephone office, and accompanied by Miss Velma Kovar, has moved to the coast.

Six teachers, with their pupils, have moved to their permanent quarters in the new school.

There have been several changes in the P.O. staff over the holiday. Mrs Cable's health has improved to the extent that she is able to resume her duties. Mr McArthur has returned to Drayton Valley to accept a position with Fenton Roberts so Mrs McArthur is behind a money order wicket once more. Miss Velma Kovar has moved to B.C.

"DERRICK DANCERS" SQUARE DANCING WILL BE HELD WEDNESDAY, JAN. 16th. IN THE COMMUNITY HALL IN DRAYTON VALLEY.

CHILD FALLS FROM MOVING CAR.
Larry Carruthers, whose father, Leo, works for Matlock Bros. Trucking Co. suffered multiple head injuries when he leaned on the handle of the car door as it was going north to the Highway, and fell out. His mother was sitting beside him in the back seat, holding the baby at the time of the accident. Larry is 3 years old.

After treatment in Drayton Valley Medical Centre, where he underwent over two hours of surgery on his head, he was returned to his home in Forsters' Camp.

LOCAL MAN'S STORY IN STAR WEEKLY.

"Bob" Taylor, whose story appeared in the January 5th edition of the Star Weekly has been around Drayton Valley for several months now. "Bob" as he is known to all is going to take charge of the skating rink, which is under the sponsorship of the local Rotary Club.

Writer of the article in the Star Weekly is Gray Campbell, whose book "I Found Peace" tells of the unsettled state of mind in which he found himself following the close of World War 2 in which he served as a bomber pilot. He found peace finally on the wide-open, rolling plains of the Porcupine Hills country, on a ranch near Cowley, Alberta.

The man about whom the Star Weekly story "A Fugitive for 13 Years", has had a colorful career. Born as Cyril Hallam in the Midlands country of England, the story tells how he changed his name to "Bob Taylor" by which he has been known for many years.

Returning from Burwash, Ontario, as the story relates, he went to Kimberley B. C. where he worked in a hardrock mine where lead and zinc were mined. While he earned his passage money to return to England to visit his mother.

He visited the continent for a year, after which he returned to Western Canada, which he loves. He came to Drayton Valley about three months ago and has been operating a small "fix-it" shop since coming here, as he is very handy with radios, appliances and various other electrical gadgets. He is living in a cosy, nicely decorated little trailer here, which he will readily admit is quite a bit different from sleeping on the bouncing floor of an empty box-car of a freight train, as he often did "side-door" Pullman, or sleeping in a Hobo "jungle" by the railroad tracks, or in a crummy "flop-joint" in one of the larger cities.

Bob will be caretaker of the skating rink in Drayton Valley, which is now being flooded for use.

ROTARY CLUB SPONSORS RINK.

With some valuable assistance from the Town of Drayton Valley, the local Rotary Club is sponsoring the outdoor skating rink, in what will be "Kiddies Park" when the full hockey plan gets underway.

It is expected that a caretaker will be on hand to look after the rink, flooding it, clearing it of snow, etc. Thus far, at least, plans are to make the rink available to all, without charge.

FOLLOWING IS THE HOCKEY AND SKATING SCHEDULE FOR THIS WINTER.

SUNDAY: SKATING ALL DAY.

MONDAY:
HOCKEY: JUNIOR HOCKEY: 3:30 to 5:50 p.m.
SKATING FROM 6 p.m. to 10:00 p.m.

TUESDAY:
SKATING FROM 3:30 to 5:50, and from 6:00 to 10:00 p.m.

WEDNESDAY:
JUNIOR HOCKEY: 3:30 to 5:50 p.m.
SENIOR HOCKEY: 6:00 to 10:00 p.m.

THURSDAY:
SKATING FROM 3:30 to 5:50 p.m. and from 6:00 to 10:00 p.m.

FRIDAY:
JUNIOR HOCKEY: 3:30 to 5:50 p.m.
SKATING FROM 6:00 to 10:00 p.m.

SATURDAY:
JUNIOR HOCKEY: 9:00 to 12:00 a.m.
SKATING FROM 1:00 p.m. to 5:50 p.m.
PUBLIC SKATING: 6:00 to 10:00 p.m.

THE OBSERVATION TOWER.

Ted Reed reports much building activity and booming business in Vancouver, as his return from a trip there over the holidays.

Visitors in the B. Cummings home over the holidays were their daughter and her husband, Dr. and Mrs. J.M. Semple, from Rocky Mountain House, and Mrs. Cummings' father, Ross Jackson, a retired farmer of the Fisdale district.

Louis Karas, who had Penny's Inn in Violet Grove, following the Leadleys, now has a place in Hinton. His new place is known as "The Pines".

How Daddy is Fred Gross, superintendent for Camper Pipeline, when his wife, Isabel gave birth to 6 lb. 4 oz. Sandra Lea, in the Royal Alex. hospital, December 27th.

Mr. Burns are the following D.V. citizens: John McAnnis, and his son Ken. Destination: Mexico City, till Jan. 20th.

Mike Burke and Mrs. Burke, Destination: Scotland, and way-points such as England. Returning in a month and

MUNICIPAL HOSPITAL PROPOSED FOR THIS AREA.

Ratepayers in this district will soon be given an opportunity to vote as to whether or not they wish a hospital to be located in this area. A meeting held recently by members of the local Hospital Committee comprised of the following: Don McKenzie, for the Town of Drayton Valley; Otto Guse, D.H. Glass, and Mrs. Stordalsvol, for I.D. 77; and D. Glenn, for I.D. 78, and Gordon Bowman who is secretary-treasurer for the Committee, meeting with Mr. E.B. Maxwell, Supervisor of Municipal Hospitals for Alberta; the Committee decided to present the matter to the ratepayers for their approval.

Further details of the plan of financing and so forth are to be found in another section of this paper. It is expected that the proposed twenty-bed hospital, fully equipped, will cost around \$180,000. to complete. As the public notice printed here in the paper states, however, much of that cost will be offset by grants and so forth.

The architect working on plans for the proposed hospital is Mr. McKernan of the Edmonton firm of McKernan and Bousie. Mr. McKernan met with the group on Wednesday afternoon to discuss plans for the building.

Polling date has been set for February 21st. from 1 p.m. to 8 p.m. About ten days prior to the date of voting notice will be sent out to all ratepayers, apprising them of the date, and the place of polling. There will be eight polling places throughout the sections of I.D. 77 and 78, which will be included in the Hospital area. Polling will be done in the following places: South Moon Lake, Rocky Rapids, Bayford, Drayton Valley, Violet Grove, Gampion Gomer, Lodgepole and Cynthia.

It is expected that the Hospital will be located in or near Drayton Valley.

HOSPITAL (Cont.)

which is quite centrally located.

Although the area on the south and east side of the Saskatchewan River is not in the present Municipal Hospital boundaries as they are now laid out, yet, with the completion of the bridge this coming summer, there will undoubtedly be many from the other side of the river who will make use of the Drayton Valley Municipal Hospital, when it is completed, providing, of course, that ratepayers in the district express their wishes for the Municipal Hospital here.

NEW X-RAY MACHINE IN DRAYTON VALLEY MEDICAL CENTRE.

A new "Profexray" X-Ray machine has recently been installed in the Medical Centre; the unit is the very latest design incorporating some of the most recent advancements in X-Ray work. This unit has a power output which enables all X-Ray examinations; even those of a most difficult nature can be performed with comparative ease.

The equipment is manufactured by the Professional Equipment Corporation of Maywood, Illinois, and has been on its way to Drayton Valley for the past six weeks since it was first shipped from the Maywood factory.

It is interesting to observe that Units of the same type and capacity are now being installed in Hospitals of 50 to 60 bed capacity, across Canada.

The Unit is 90 K.V. capacity, working up to 100 Milliamp, which enable the operators to take any kind of diagnostic X-Ray, including internal investigations such as Barium Meals, in which the patient swallows an opaque fluid which can be photographed as it progresses through the body. The machine also has facilities for fluoroscopy, or for chest screening, and will be a great time saver in the taking of X-Rays.
